#### **BOIL WATER ALERT RESCINDED**

The San Bernardino County Special Districts Department, Water and Sanitation Division (Division) appreciates your patience during the precautionary boil water alert period. The Division works diligently to protect public health while minimizing water service interruptions. The well that triggered the boil water notice has been temporarily removed from service. The water quality sampling results taken within the water distribution system before and after issuing the boil water notice have all come back negative for any harmful bacteria; therefore, you may resume normal consumptive uses of the potable water that is supplied to your home. The precautionary boil water alert that the Division issued on March 7, 2019, is now rescinded.
